We hope that Joe Hudson's hand is doing better...he had a nasty fall the day before the July picnic and he was being brave and suffering thru the day.

Had a visit July 31 from an 'old' HSF friend and former member, Jason Kiser....it was good to see him, he's in visiting his Mom.

Martin & M'Shell have been having fun in the sun in Orlando, Florida.

Hey, y'all forgot to take us with you 😊

Crumpled Purple Ticket Band

Our own Steve Minter is the guitarist for this *awesome* band.

Last meeting it was discussed about safety issues, getting the pilot and flight stations moved closer together for better communications.

If you see Rob Faust or Martin, you may get with them, if you would like to volunteer to help with this club project.

**Hope everyone is having a great summer so far....
STAY 'COOL'!!**
