LABOR DAY...SEPT. 6TH

Labor Day, the first Monday in September, is a creation of the labor movement and is dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country.

The first Labor Day holiday was celebrated on Tuesday - September 5, 1882, in New York City, in accordance with the plans of the Central Labor Union. The Central Labor Union held its second Labor Day holiday just a year later on September 5, 1883.

Hope everyone has a safe and fun Labor day!
If you're like me, you will be working...but we can still enjoy it!!
